

European Gourmet Export

Your Source for Fine European Food

European Gourmet Export was founded in 2007 and offers a wide range of bakery, pastry and specialized food ingredients.

European Gourmet Export works together with small German or European based companies manufacturing bakery, pastry and food ingredients. These suppliers have wide experience with their product lines and sell them successfully in their domestic markets.

Customers are importers specialized in food ingredients from around the world, who treasure the opportunity to work together with an independent trading house — a partner, who is only interested in fulfilling the demands of its customers and who can offer alternatives to established brands.

If the product portfolio leaves wishes open, European Gourmet Export will do its utmost to source the needed items within its supplier's network.

Finally, European Gourmet Export offers to consolidate shipments according to the needs of the customers taking care of all details related with the export and import of these products.

Chocolate & Cake Decoration

European Gourmet Export offers an assortment of high end chocolate and decoration items manufactured in Germany, Belgium and other European countries.

The chocolate and chocolate decoration are of superior quality made in Belgium. They are produced by specialists who are known as innovative and flexible. The qualified workforce in combination with high tech machinery ensures precise control over every step of the processes, the factories are audited and meet the requirements of Global Standards for Food Safety.

Over the years Heidelore selected as well a variety of chocolate shells, sugar and silver decoration to offer her customers a state-of the art assortment of finest and creative pastry ingredients.
